### PRESIDENT'S MESSAGE

As you may know, the KY chapter of ISACA is in the planning stages of a CISA review course to be taught either early spring or early summer prior to the 2003 CISA exam. An email regarding the course was sent a few weeks ago. Any interested parties that have not already done so may contact [David Reilly](#). We will be communicating additional information as it becomes available.

**The location of our lunch meetings has changed. We will now be meeting at Vincenzo's Restaurant (see directions and menu on the left side of the page). Due to our new dining arrangements, we will need your dish selection at the time of your RSVP (by 02.10.03). Also, cancellations must be received by 02.11.03 to avoid a \$20.00 charge.**

We are looking forward to our next lunch meeting featuring Greg Press of CAPC Group, LLC. Please refer to page two of the newsletter for more information regarding Mr. Press.

We have a number of events planned for the new year. As they are communicated, be sure to add them to your calendar. Be sure to check our [website](#) regularly for new chapter information. Also, we encourage you to submit any ideas or wishes you have for particular programs during the next year.

We are constantly looking for new members. Please refer prospects to one of our Board members so we can get them on the mailing list.

David Gorgas, CISA, CIA, CCNA  
President – Louisville ISACA Chapter

02.17.2003

TOPIC: Wireless Security

Presented by Gregory S. Press, [CAPC Group, LLC](#). Greg will present an informational presentation about wireless security. IT Security service development and assurance is Greg's main focus. In carrying out his duties, he is committed to ensure that the IT Security Practice delivers a comprehensive, validated and timely professional services offering that CAPC's clients can rely on to drive their risk, configuration and vulnerability management processes to become more efficient. He has more than 10 years experience in industry-related consulting. He also has extensive experience in the development of eCommerce, information technology and business strategy. Prior to joining CAPC Group, he was a member of several large professional consulting service organizations. His industry consulting has spanned both the public and private sectors and has included work in the government, health care, telecom, utilities, consumer products and distribution industries, as well as with professional services.

**TOPIC:**

Informative presentation on Securing Wireless Network Technology: Securing Wireless Networks – Is it ...possible?

- Wireless Networking –Generalization
- Standards
- Challenges
- Goals
- Suggestions

## **Menu\* – Vincenzo's**
